

**FINAL SUPPLEMENTAL WORK PLAN
AND
FINAL ENVIRONMENTAL IMPACT STATEMENT**

**FOR THE
LOST RIVER SUBWATERSHED
OF THE
POTOMAC RIVER WATERSHED
Hardy County, West Virginia**

**Prepared By:
Potomac Valley Conservation District
Hardy County Commission
West Virginia State Conservation Committee**

**With Assistance By:
United States Department of Agriculture
Natural Resources Conservation Service**

**In Cooperation with:
United States Department of Agriculture
Forest Service**

April 2007

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

Underlined portions of this document indicate changes made as a response to comments and questions on the Draft Supplemental Watershed Plan – Draft Environmental Impact Statement.

Phone: (304) 284-7540 Fax: (304) 284-4839

Plan Designation: Final

Abstract: The Final Supplemental Work Plan and Final Environmental Impact Statement describes a change in purpose for Site 16, the 4th of five planned impoundments, in the Lost River Subwatershed Plan. This document also updates information relative to Site 23, the last planned impoundment in the subwatershed plan. The purpose of the project is flood damage reduction, watershed protection, and water supply. The project was authorized in 1974 under Public Law 78-534, as amended. The plan has been supplemented three times. Alternative plans developed in this supplement are Alternative 1 and the No Action Future Without Project Alternative. Alternative 1, the Recommended Alternative, proposes the construction of Site 16 as a multiple purpose water supply and flood control site and the deletion of Site 23.
